Module 4

Presentation

Certified Course “Marketing & Sales“

Certified Course „Foreign Business Development“

Qualification aim

The participants will get acquainted with the core intercultural issues of business activity, the national characteristics of the perception of arguments, presentation materials as well as the behavior of the presenting person and they learn to grasp different types of presentation and the interdependence of goal and form of a presentation. They deal with fundamental aspects of the internationalization of business law issues, deepen their knowledge of intellectual property protection and learn about the provisions of the Incoterms governing the supply of goods. They will work out questions of global procurement, learn how a global supply chain can be represented and modelled, learn how a procurement analysis is carried out, and will be familiar with possibilities of supplier evaluation. The participants get an overview of the most well-known theories and models of global marketing, learn about different strategies of market entry and link marketing activities with strategies of technology transfer. The participants acquire methodological competence to successfully place products and services in international markets.
